# Leadership

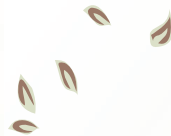

## QUOTES FROM THE SIRI SINGH SAHIB

*Over the years, the Siri Singh Sahib ji offered a multitude of insights about the Aquarian Age.*

*"The time has come not to search for God, but to be God. Time is not to worship God, but to trust and dwell in the working God."*

“Consult your spirit,  
your soul  
about everything.”

*He gave us the Five Sutras of the Aquarian Age:*

- ❖ *Recognize that the other person is you.*
- ❖ *There is a way through every block.*
- ❖ *When the time is on you, start, and the pressure will be off.*
- ❖ *Understand through compassion or you will misunderstand the times.*
- ❖ *Vibrate the Cosmos. The Cosmos shall clear the path.*

# FACULTY OF A LEADER

“The first faculty of a leader is that you have to be a leader of yourself.”

## RELIABILITY & TRUST

Sikh Dharma Ministers Working in Unity and Purity to Serve Humanity

“Your reliability will give people the courage to trust you. Their trust will give you the power to carry a situation. A leader carries and serves people. Learn to lead as a ‘seva’ (to sacrifice your time and resources for the benefit of others without wanting anything in return); people will love you, and you will continue to expand.”

### Pioneers in the Aquarian Age

“We are all pioneers in the Age of Aquarius. No man can give a man anything other than love. No man can give a man anything other than hope. No man can give a man anything but service.”

# SPIRITUAL GROWTH

“Here are the common features of the Age of Aquarius. In their hearts, people will understand what is going on....The walls of hatred will fall down. Instead of ill will and gossip, there will be prayer on the tongues of everyone. Rather than competing for wealth, people will compete for spiritual growth. We will have a common belief of higher self, love for our Creator, and love for our consciousness and grace.”

## IN GOD WE DWELL

“This is the Age of Aquarius, the age of knowledge. You have to learn to behave in a way that you are you. And you have to understand, the phrase is not ‘In God we trust,’ it is ‘In God we dwell.’”

### The Master's Touch

“Let your touch be the Master’s Touch. Serve the Age of Aquarius. Keep up and God will keep you up. Trust it. Stop looking down at yourself. Feel God within. There is no God outside of you.”

---

## THE AGE OF AQUARIUS

“The Age of Aquarius is about taking the pot of water and nurturing the whole universe; becoming human in equal concept of service and then becoming angelic, kind and compassionate.”

“Please remember, we are here to start an era, to start an Age... go and bring people out of their holes so they can be holy, and pull people out of their heights, so they can save their height in the eyes of God.”

## THE AGE OF KNOWLEDGE, FAITH & TRUST

"The One who has created you is a Perfect Lord and He cannot create imperfect.

"That's the Aquarian truth, which you have to believe. Everything is subject to His Will. Are you willing to live that truth? Well, then what about your will? Answer me. If everything is God's Will, then what about your will?"

"The Age of Aquarius, the age of knowledge and faith and trust, shall only belong to those who shall keep up."

*"The Age of Aquarius recognizes no religion, only whether a person is with experience or without experience. Find your spiritual frequency, your spiritual efficiency and your spiritual existence within you."*

*“Let us understand the Age of Aquarius is upon us. It is the age of knowledge. It is the age of giving people tranquility, peace, dignity, divinity, grace and sharing.”*

“The sensory system that will develop automatically out of us will be our archangel protecting us and glorifying us... We'll master ourselves through our service, through our character, through our commitment, and through the most powerful thing that we have-our grace... We will create a new humanity that will have the new sensory system, and thus we will establish the Age of Aquarius.”

## LEAD YOUR SPIRIT

In this path of life, you have to call on your impersonal. When you call on your personal self, then "I" has to come through with "my" problems, insecurities, handicaps. But when you call on your impersonal, then you call on your spirit, your Infinity. When you call on your Infinity you can come through anything, you shall never be handicapped. That is how you will enter the Age of Aquarius.

“You must understand that in the Age of Aquarius, each one shall be the leader of his own spirit. Each one shall be the pivot of his own life.”
