A disciple who walks one step towards Guru to take his refuge and goes to him with devotion and humility, Guru advances to receive him (devotee) by taking million steps. He who unites with the Lord by remembering the incantation of the Guru even once, the True Guru remembers him millions of time. He who makes an offering of even a shell before the True Guru with loving worship and faith, the True Guru blesses him with the countless treasures of invaluable wealth that is Naam. The True Guru is a repository of compassion that is beyond description and understanding. Therefore myriad salutations to Him because there is no one else like Him. (111)
